## **Your Story Exercise**

List out some of the times when God has actively been present and working in your life.

Can you think of a moment where you met Christ and it changed your life forever? A moment where your family's faith became your faith? Where you took up the faith and made Jesus your own Lord and Savior? Or, can you think of smaller moments, where Christ revealed more of himself to you or you rededicated yourself to Jesus in a new, stronger, more dedicated way? Basically, how did you come to know Christ and see him work? What were the circumstances and why was this significant?
